COVID-19 VACCINES

August 2024

On August 22, 2024, the FDA has approved and authorized 2024-2025 Moderna and Pfizer-BioNTech COVID_19 vaccines.

CDC Recommendations for use of these vaccines in people ages 6 months and older may be found at: <https://tinyurl.com/2ky2f67x>

Valley Medical Group does not have COVID-19 vaccines for adults, please schedule to receive a vaccine at a local pharmacy.

It is anticipated Valley Medical Group will obtain COVID-19 vaccine doses for children from the Massachusetts Department of Public Health soon.
